

SPECIAL PROMOTION

SolarWinds RMM Starter Pack

SolarWinds MSP can help you maximize the efficiency of your IT service business. We have packaged our SolarWinds® RMM with our MSP Manager™ PSA to help you hit the ground running. Our Starter Pack allows you to leverage significant savings while you onboard new customers in your first year.

Included in the Starter Pack:

SolarWinds RMM, a comprehensive remote monitoring and management solution to efficiently secure, maintain, and improve your IT services.

Patch Management to help you manage software updates and track vulnerabilities.

Managed Antivirus for basic security protections, managed within the RMM single-pane-of-glass.

MSP Manager, our PSA solution that streamlines ticketing, reporting and billing to help keep your business organized and flowing smoothly (with \$135 qualifying purchase).

Starting at \$100/month
